The Art Gallery e-magazine • July 2024

To all our Artists out there.

I hope you got the **latest issue of The Art Gallery e-magazine** which came out on the first. If not check your spam folder or contact me at editor@theartgallerymag.com

We at TAG want to thank all our artists who contributed to our publication by allowing us to showcase their work. We have published the works of artists around the world including **40 countries and nearly half of the United States**. But we want to do more than just publish your art work one time and then go our separate ways. We want to help create an **art community**. We want to see more of your work and have more interaction. To do that we have **three options for our artists**.

1. Visit our **TAG Facebook page** at <https://www.facebook.com/TAGemag>
There you can post some of your newer work (or older work), get feedback, leave comments and interact with each other's work. Here you can see works from some of our other artists for inspiration and enjoyment! Also you can leave comments about the magazine or suggestions.
2. We offer artist who have been in our magazine, the opportunity to be in again. If you have another set of art work that is new (or old) or perhaps in a different media, we do a **"Encore Showcase"** where you can have another 2 - page spread for free. We try to do one or two Encores in each magazine if we have room. If you're interest contact me and I will set you up!
3. All artists who have been in our magazine are illegible for a **Spotlight Video on our YouTube channel**. This is an expanded video gallery of your work. We take 40 images of your work and make a 5-10 minute video. We enhance the gallery experience with music, special effect and striking motion and video backgrounds to enhance your work in a new and innovative way. You can share the link of your video with your friends, followers or clients; all for Free (for now). It is however a long process to make these videos, so we only make 2 or 3 a month so let me know if your interested. (*See link below to our YouTube channel*)

Whether you are a newbie or a seasoned artist, all our artists are *selected* because we want to show quality artwork. We do not base our section on education, degrees, accomplishments or awards. We simply select them based upon what we think is good artwork. With that said, anyone can give us a link to their artwork for us to evaluate. So if you know of other artists that might benefit from being in our magazine, we appreciate any recommendations of us to them or them to us!
